# SMART SALTING LEVEL 1: PARKING LOTS & SIDEWALKS WORKSHOP

This course is FREE & ONLINE

RSVP at:

[www.StearnsCountySWCD.net/MPCASmartSalting](http://www.StearnsCountySWCD.net/MPCASmartSalting)

## ABOUT THE WORKSHOP

This workshop teaches those involved in taking care of parking lots and sidewalks. This workshop will provide the necessary training that will help decision makers learn how to save money by using less materials while still operating more efficiently, protecting water resources, and be more conscientious of the environment.

*An optional test is offered to earn MPCA Level 1 Smart Salting Certification in winter maintenance.*

**Date:**

July 29th  
9:00a.m. - 2:30p.m.

**Location:**

Live Streamed Webinar  
(Directions on how to participate will be emailed after registering)

## TIPS & TRICKS

- How to gauge weather conditions
- Best practices for storing materials
- Using sustainable practices
- De-icing & anti-icing methods
- Proper way to calibrate equipment
- Understand rates of materials
- Learn new maintenance methods

## BENEFITS OF ATTENDING

- Cost savings related salt usage and maintenance
- Protecting the environment and water resources
- Receive a manual that you can reference back and forth
- Earn 5 Professional Development Hours to maintain certifications

**Audience:**

- Private maintenance companies
- Property managers
- City parks departments
- Hospitals
- Colleges/Schools

## HOSTED BY

**Stearns County Soil & Water  
Conservation District**

**Fortin Consulting, Inc.**

**FORTIN  
CONSULTING, INC.**  
serving the environment

*Funding for this workshop is provided by MPCA  
through a grant from US EPA, Section 319  
Nonpoint Source Management Fund.*
